

Welcome to
Geometry

with Mrs. McGuire

Geometry for Enjoyment & Challenge

- Old school, heavy books
- Students have a copy on their iPads to use
- Should keep books at home for use on homework and for studying

Overview of the Year

Semester 1	Semester 2
Chapter 1 - Chapter 8	Chapter 9 - Chapter 14
August - January	January - June
Focus on proofs involving angles, polygons, parallel lines, congruence, and similarity	Focus on Geometry calculations, including Pythagorean theorem, Circles, Area & Volume, and coordinate geometry
Midterm Exam happens in mid-January	Final Exam happens end of May

Expectations

Rise Up

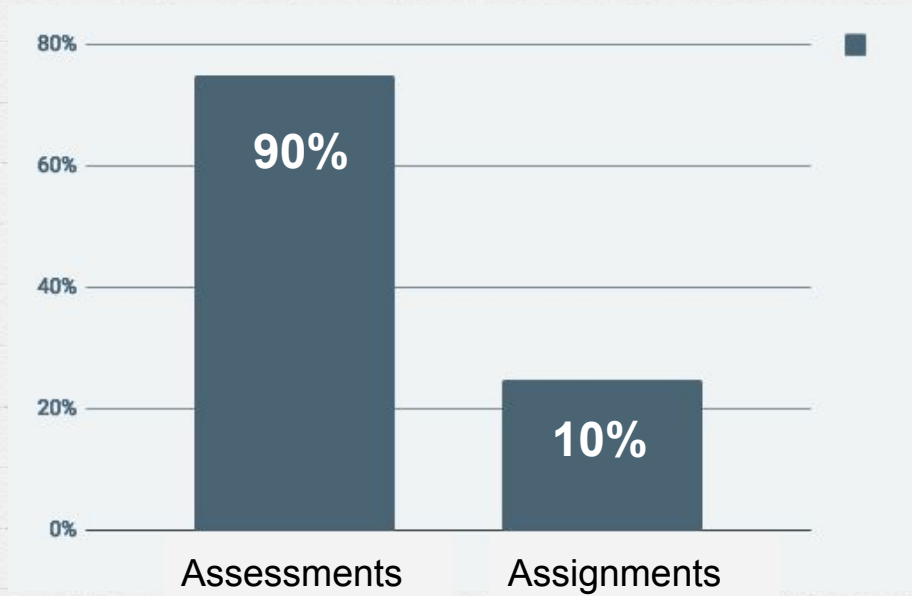

Own It

Above All Be Kind

Diversity Embraced

Grading in Geometry

Grading in Geometry

Homework

Daily 2 points

- **2 points:** A written attempt is shown for every problem, turned in on time
- **1 point:** did not write an attempt for every problem OR turned in assignment late
- **0 points:** did not write any attempt on any problem.

Grading in Algebra 1

Assessments

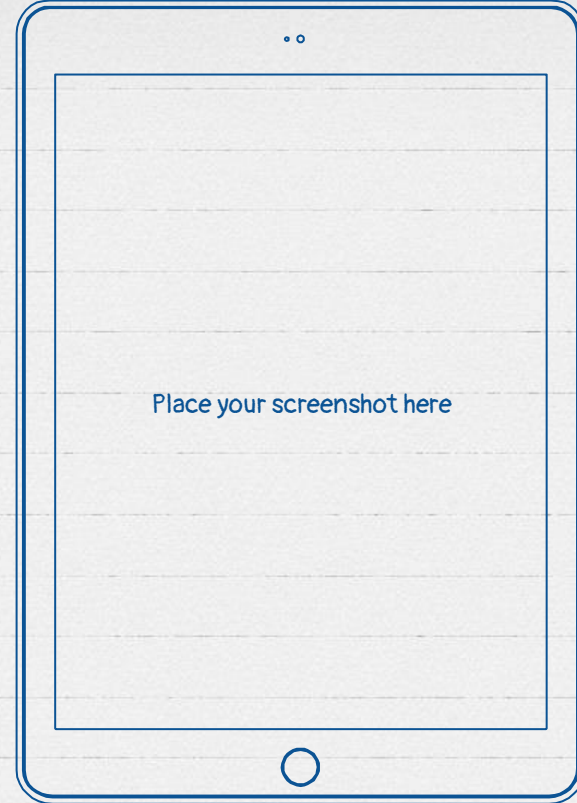

- Chapter Tests will be 100 points
- Midterm/Final will be weighted to be worth 2 test grades

Online Gradebook

Please be sure to periodically check grades on SISK12.

(your student knows how to do this on their iPad)

Resources for Families & Students

- 1) Google Classroom
 - a) Link to calendar
 - b) Class announcements
- 2) Class Binder
 - a) Paper copies of calendar
 - b) Half sheets: examples of problems done in class
- 3) General Searching

Office Hours

Wednesdays, Thursdays, &
Fridays during lunch

Before/After school by
appointment
